

ICT & LIBRARY RESOURCES

The **University of Eastern Pangasinan** together with the **Pangasinan Provincial Library (PPL)** conducts an ocular visit at **Casantiagoan Elementary School** at **Barangay Sta. Catalina, Binalonan, Pangasinan** on January 19, 2023, to conduct a needs analysis of the school's library for the upgrading of its services.

The Pangasinan Provincial Library (PPL) and the University of Eastern Pangasinan's College of Teacher Education (CTE) are working together on a **joint extension program** to improve the Casantiagoan Elementary School's library services. This collaborative program intends to reopen the library of the said school, augment its offerings, and provide educational materials that will be useful to both teachers and students. Additionally, this would boost accessibility for learning and highlight the importance of libraries in the educational sector by bringing library services closer to students.

Prior to the ocular visit, **Dr. Evelyn Abalos-Tomboc**, the university president of UEP, and **Dr. Gloria C. Nemedez**, the Vice President for Academic Affairs of UEP, had a courtesy call from **Ms. Mary Jane Salangad**, Provincial Librarian II of PPL. Then, Ms. Mary Jane Salangad, along with Dr. Raymond N. Claro, Dean of the College of Teacher Education, Mr. Marty Ian Gideon Flores, CTE Community Extension Services Coordinator, Mr. Jesse P. Ordoñez Jr., CTE Research and Extension Coordinator, Ms. Blessma Joy C. Abenes, CTE Science Coordinator, and Mr. Jan Karlo Thomas V. Ranchez, School Publication Coordinator, conducted the ocular inspection. The teachers at Casantiagoan Elementary School, led by **Ma'am Jennifer E. Galvan**, OIC Teacher III, gave them a warm welcome and assisted them.

An inspection was conducted on the structure where the school intended to put its library. They also took a look over the various learning resources. Plans for the Extension Program: Read and Write STEM from CTE-Community Extension Services were also discussed. This is a STEM literacy program for kindergarten to sixth-grade learners.

Truly, the University of Eastern Pangasinan continuously promotes the importance of collaboration and partnership in delivering quality education to its students as well as the community by cooperating with various schools and organizations.

UNIVERSITY OF EASTERN PANGASINAN

CERTIFICATE

OF PARTNERSHIP

is proudly presented to

College of Teacher Education
University of Eastern Pangasinan

for being an OFFICIAL PARTNER of the Pangasinan Provincial Library (PPL) in *delivering excellent and quality services in relation to library and ICT services* to the adopted school communities of the University of Eastern Pangasinan - College of Teacher Education Community and Extension Services (UEP CTE CES). PARTNERSHIP

EXTENSION PROGRAM

PROUDLY PRESENTED TO

College of Teacher Education University of Eastern Pangasinan, Binalonan

The Casantiagoan Elementary School and the Office of the Public Schools District Supervisor Binalonan I hereby officially accepts the partnership with the University of Eastern Pangasinan College of Teacher Education (UEP CTE) -Community and Extension Services (CES) as its Adopted School from January 2023 to December 2025 (CTE-CES-MOA-001-22).

As beneficiary of the UEP CTE-CES, the Casantiagoan Elementary School will provide avenue for the implementation of various educational and socio-civic programs that hones learners and teachers capabilities and skills, and social development trainings for parents.

The Casantiagoan Elementary School commits itself as the showcase school/community laboratory of the UEP CTE-CES and cooperates with its endeavors in community and school development. Also, the School understands that it shall provide regular evaluation and assessment of programs and services implemented by the CTE-CES.

Together, let's achieve SDG 4--Quality Education!
